About

Inspire Property Management was founded in 2015 by Greg Bickert, R.C.M.

Greg began his career in property management 10 years earlier with a company that he helped the owner grow into one of the largest locally owned strata management companies in the Okanagan.

Greg decided to start a small property management company so that he could spend more time with his family and to focus his attention back to his passion: Strata Management.

Greg's goal for Inspire Property Management is to have the best client and staff retention in the industry by providing superior services to clients and creating a fulfilling work environment for staff.
