TV and Internet are ready when you are with TELUS QuickConnect.

Good news. We've already done a lot of the work and a technician visit may not be required to get your services up and running. To activate call 778-583-2158 and then follow the steps below.

Enable your TELUS Internet.

1. Locate your white TELUS wall panel (with a TELUS purple sticker)
2. Open the panel lid and turn off the power bar switch. Wait 10 seconds and turn the power bar switch back on. Wait 60 seconds to ensure connection.
3. Next, locate the modem inside the white TELUS smart panel, where you'll find your wireless user name and password.
4. Using the wireless username and password, log into your network. Access a website and start browsing.

Enable your Optik TV.

1. Once you receive your wireless TV box in the mail, locate your white TELUS wall panel (with a TELUS purple sticker).
2. Open the panel lid and turn off the power bar switch. Wait 10 seconds and turn the power bar switch back on. Wait 60 seconds to ensure connection.
3. Plug the HDMI cable from your wireless TV box into any HDMI input on your TV.
4. Turn the TV on and check if you're on the right input (i.e., HDMI1, HDMI2). You should see a TELUS screen.
5. Go back to the white TELUS wall panel (from step 1) and push the WPS button to sync your wireless TV box.
6. Follow the instructions on the TV screen. Or visit telus.com/SelfInstall to complete your setup.

Harnessing the power of technology.
